

What is the purpose of art?

- expression of personal thoughts/feelings.
- Each culture would answer this question differently
- tells stories and history.
- stress relief.
- make you feel something.
- hobby/pass time.

1. Home groups. We will need five groups to start. You will have 15 minutes to answer the question provided to you on the page.
2. You now have 15 minutes to do a gallery walk. You are expected to walk around and examine the other groups questions and add your ideas to their pages.

- Art is a way for one to spread a message about how they express through words, images.

Is one art form better than another?

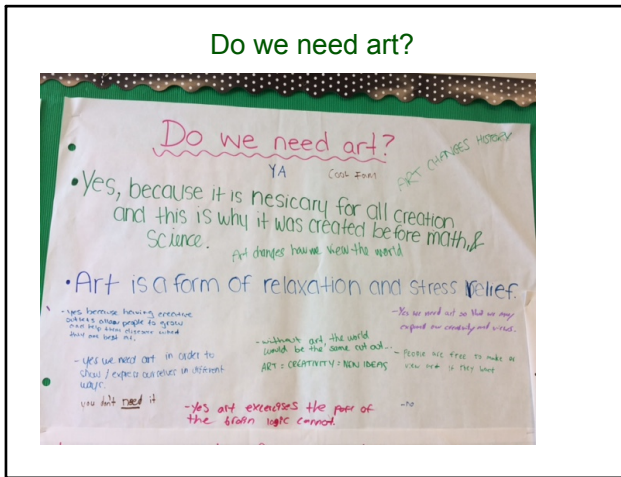

Is one art form better than another? why? (dance vs drama vs music, etc.)

- All the Arts are very different & do not compare.
- Art is an expression of one individual's thoughts/feelings without the context. However, for the all art differs, because they are all expressions.
- Different types of art can give some different types of messages. One just intended to be better than another, some can be completely different.
- You may enjoy one better than another, but it doesn't mean it's ~~better~~ better.
- depends on the person
- Art expresses the part of the brain logic cannot.
- Art is an expression of culture/personality/feelings.
- Art is a way for one to spread a message about how they express through words, images.
- Art is a way to express how you feel.
- Art is how humans express their thoughts and feelings in a creative manner.
- Art is a way for one to spread a message about how they express through words, images.

Defining Art

- Defining art is controversial
- Process or product of deliberate arranging elements in a way that appeals to the senses or emotions
- Activity or product done by people with a communicating or aesthetic purpose - something that expresses an idea, an emotion, or a world view
- Component of culture
- Transmits ideas and values

Art vs. Crafts

- Helps with defining art
- Crafts are seen as having a function or purpose
- Crafts transform raw materials into a finished product
- Art is more of a creation that represents human expression
- Both may have an aesthetic appeal
- These definitions are open and depend on cultural influences

Is it art? Read the article and look at the pictures at the end. Think about/discuss are they art - and why.

Yes - Art is whatever you want it to be
- There is meaning, even if everyone doesn't get that meaning

Yes
- subjective
- took a lot of skill, but not necessarily more important than other art.
