

Psychology Experiments Written Assessment

We have looked at a number of experiments:

- Selective Attention
- Milligram Experiment
- Bystander Effect

Your task today is to examine one of those experiments in detail through:

- a) A paragraph explaining the experiment/content related to discovering information.
- b) A paragraph describing the results – what did we learn from the experiment directly?
- c) A paragraph depicting the implications (importance) of the information that we get from the results.
- d) A paragraph outlining how the experiment results can connect to your daily life.

Timeline:

You will have the entire period on Wednesday, December 9th to complete this task and it is due on Friday, December 11th at the beginning of the period.
